

Proposal for Elite Vanguard Sports Group: The "Legacy Defined" Campaign

Executive Summary

Apex Creative Partners is thrilled to submit this proposal to **Elite Vanguard Sports Group (EVSG)**. As EVSG looks to solidify its position as the premier management firm for the next generation of professional athletes, we propose a high-impact, multi-funnel campaign titled "Legacy Defined." Our strategy moves beyond traditional representation highlights, focusing instead on the "Total Athlete Journey"—emphasizing financial literacy, brand building, and post-career security. By leveraging data-driven audience insights and mobile-first creative, we aim to increase athlete recruitment inquiries by 15% and elevate brand sentiment across collegiate and professional circles.

Agency Profile

With over a decade of experience in high-stakes talent management and sports lifestyle marketing, Apex Creative Partners specializes in rapid-scale campaigns that resonate with Gen Z and Millennial audiences. Our firm has successfully launched integrated campaigns for sports apparel brands and financial services firms, making us uniquely qualified to handle the dual nature of sports management: the glitz of the game and the gravity of the business.

Strategic Approach: The "New Vanguard"

Athlete

Our research indicates that modern athletes are "Sensible Optimists"—highly ambitious yet increasingly cautious about their long-term financial health and public image.

- **Audience Segmentation:** We will target "Emerging Stars" (Ages 17-22) and "Established Pros" (Ages 23-30) through high-intent custom audiences.
- **Narrative Positioning:** Position EVSG not just as "agents," but as "architects of legacy."
- **Social Proof:** Utilizing testimonials and "Day in the Life" content featuring current EVSG clients to drive authentic engagement.

Media Plan: Digital-First Engagement

Given that 91% of our target demographic consumes sports content via mobile devices, our media plan prioritizes vertical video and real-time interaction.

Channel	Primary Tactic	Strategic Objective
Instagram/TikTok	Vertical Video Shorts	Drive top-of-funnel awareness and lifestyle affinity.
YouTube	TrueView for Action	Deep-dive educational content on "The EVSG Advantage."
Podcast Network	Host-Read Placements	Target high-intent listeners of sports business and training podcasts.

- **Creative Optimization:** All video assets will be optimized for a 98% sound-on benchmark, ensuring the athlete's voice is heard clearly.

- **Lead Conversion:** Implementing "Sitelinks for Action" such as "View Client Success Stories" and "Book a Consultation" to drive measurable recruitment leads.

Measurement & KPI Framework

We believe in radical transparency and performance-based optimization.

- **Reach & Frequency:** Target a unique reach of 5M+ within the specific sports-talent ecosystem.
- **Recruitment Efficiency:** Target a Cost Per Lead (CPL) for new athlete inquiries that is 20% lower than current industry benchmarks.
- **Brand Lift:** Monthly monitoring of "Consideration Lift" via digital sentiment surveys to ensure EVSG is the first choice for representation.

Proposed Budget & Timeline

Category	Allocation	Strategic Rationale
Content Production	40%	High-quality "Legacy" films and athlete spotlights.
Paid Social & Search	35%	Precision targeting of collegiate and draft-eligible talent.
Event Activation	25%	Targeted presence at major combines and draft-week events.

Key Milestones:

- **Strategy Finalization:**

📅 Date
- **Creative Production:** June – August 2026
- **Campaign Launch:** September 1, 2026 (Timed with the start of major league seasons)
